

## **Covid-19 Treatment Risk Assessment**

This risk assessment has been carried out to assess if it is safe to offer the treatment listed below during the Covid-19 pandemic.

**Business Name:** **The Southern School of Beauty Therapy Ltd**

**Assessment carried out by:** **Justin**

**Date:** **17/08/20**

**Treatment:**

Waxing the Face

**Does the treatment involve working in the highest risk zone ?**

Yes

**If Yes, Can the treatment be modified to spend less time in the highest risk zone?**

Yes.

Keeping the activity time involved as short as possible.

Work from the back (behind the client) or from the side, regularly circling the client.

Avoid skin to skin contact and use gloves where possible.

**What additional PPE is required for Covid-19?**

Therapist must wear a visor and a Type II face mask

**Face coverings for clients**

Face coverings are mandatory for customers visiting: nail, beauty and hair salons; barbers; massage parlours; tattoo and piercing parlours. Face coverings should not be removed unless essential for a particular treatment – for example, for a treatment on the face area covered by the mask.

**Conclusion**

This treatment can be performed if modifications are carried out and correct PPE is worn.
